Sonos® Integration with A-Bus® Audio and Crescendo Systems

Integrate Channel Vision's Crescendo line of high-powered audio with your preferred wireless system such as SONOS® or Bose®. Create your custom system with a fusion of Crescendo and A-Bus® to bring the right amount of power to each room in the house.

Features & Benefits

- Customize each room of your home with the system that best suits each room.
- RCA outputs on the A-Bus distribution hub allow more zones and sources without the addition of distribution hubs.

* SONOS® is a registered trademark of SONOS, Inc. Bose® is a registered trademark of Bose Corporation.
