6565 IP Dome Camera

Channel Vision's 6565 IP Dome Camera offers superior image quality and has the ability to capture images up to 1080p (1920 x 1080 pixels). Monitoring can be done from any location with an Internet Connection using a Smartphone, Tablet or Laptop.

Features

2 Megapixel CMOS Sensor

Built-in web server allows users to view real-time video with Internet Explorer Browser

Event-triggered SD card recording

H.264 compression feature uses less bandwidth and storage space

18 IR LEDs for a viewing distance of 50 feet in total darkness

Benefits

- Better visibility in the dark than the 6564 IP Dome Camera.
- Features a wider Varifocal lens than the 6564 for increased range and flexibility in viewing your cameras.
- View your cameras from anywhere with an internet connection with your Smartphone, Tablet or laptop.
- Vandal Proof Dome

Application

- To begin using your 6565 IP Dome Camera, simply Insert the Instruction Disc, and follow the step-by-step process given on the opening screen of the IP Installer
- Download Channel Vision's App in the Apple store to view your cameras from your Iphone
