

Micro-USB Bluetooth Wall Dock for CAT5 Audio Systems

A0318

The A0318 Micro-USB Bluetooth on-wall docking station is designed for all Channel Vision CAT5 audio systems and Crescendo systems. The dock features a non-skid pad to keep the device in place, while simultaneously playing audio and charging the device. The A0318 senses the location of your audio source in order to turn off as you leave a room and turn on in the room you enter. This feature also enables power-saving mode. The A0318 adds elegance and contemporary styling to any room in your home and does not deface your wall.

FEATURES

Compatible with all Channel Vision CAT5 audio systems

Charges Micro-USB devices

Senses audio to automatically override the main audio source

Mounts in a 2-gang box

Bluetooth Streaming
