

## Marine, Dual Voice Coil Speaker

### OS520-B: Black / OS520-W: White

Channel Vision's outdoor dual voice coil speaker is designed for outdoor use in locations with limited space. The compact design of the OS520 allows for stereo to be played from a single location that does not have room for a standard system. The OS520 features a dual voice coil, 5 1/4" polypropylene subwoofer with an aluminum grille.

## FEATURES

**Durable, weather resistant exterior**

**Dual voice coil speaker**

**Polypropylene housing with aluminum grille**

**Available in black or white**
